VOL XXIV—NO. 191

CHARLEROI, WASHINGTON CO., SATURDAY, JANUARY 18, 1919

TWO CENTS

COAL FIXING PRICE WILL END ON FIRST DAY OF FEBRUARY

**Bituminous Coal Is Now
More Plectifful Than For
Many Months**

MILD WEATHER ALSO A FEATURE

Fuel administration officials expect a decrease in the price of bituminous coal and coke to result from an order issued on Friday from Washington discontinuing maximum prices on these commodities, and eliminating the one system of their distribution. The order is effective February 1, but does not affect anthracite coal. The regulation rescinded by Friday's order include those governing purchasing agents' commissions and profit margins allowed wholesale and retail dealers. The fuel administration announced, however, that these were subject to reinstatement if price, wage, labor, production or other conditions which may arise, require it.

Reductions in the demand for bituminous coal as the result of the ending of hostilities and the unusually mild weather this winter made it impossible to maintain existing maximum prices, officials said. At many points, they declared, the price for bituminous coal has been below the maximum and it was intimated that this situation largely influenced Fuel Administrator Garfield in removing the restrictions.

The existing maximum prices to be eliminated after February 1, range from \$2.43 a ton to \$4.95 a ton. Maximum prices were ordered by presidential proclamation on August 23, 1917.

The orders of the national fuel administration were received in Pittsburgh on Friday afternoon and they virtually terminate the activities of that branch of the service.

It has been noticed along the Monongahela Division of late, that many cars loaded with coal have been allowed to remain on sidings for quite a period, thus showing that railroads were compelled to temporarily store coal while other consignments were being disposed of. These conditions are apt to have an effect on the wage conference to be held very shortly between the operators and the miners and which new wage rate will begin on the first day of April next.

MANY NEW CASES OF "FLU" REPORTED

Health Officer Darby reported 78 new cases of influenza for the 48-hour period ending Thursday night, with a total of 178 cases in the borough, so far as reported. One physician had not reported that it is known he is attending quite a number of patients suffering from this malady. However, the local physicians as well as the Health Board, are taking every means possible to stay the inroads of the disease.

In his answer charged the county for services as assessor when he was occupied in other work, and that if permitted to do so, hopes to be able to prove his contention.

INGATHERING WAS VERY SUCCESSFUL

The "Ingathering" of the Needlework Guild was held on Tuesday and Wednesday afternoon and on Wednesday evening a meeting was held at the home of Mrs. Louis J. Collins, at which time many new garments and articles made from linen were turned in. The campaign was under direction of twelve Captains, who were in charge of districts, all of which turned in many articles for wear, as well as hospital supplies in the way of sheets, pillow cases, etc. The garments are being distributed among the needy ones of the community. The next ingathering will take place next September.

The ladies interested in this movement desire to thank all those who contributed in any way to the success of the work, which promises to be the means of doing a great amount of good in the community.

**Federal Laws Will Prohibit
Sales After July**

**First
AMENDMENT EFFECTIVE 1920**

A very unusual situation faces those in Washington county who seek a renewal of their license to sell at retail malt and vinous liquor during the coming year, or rather part of a year. Two features stand out very prominently at the present time and which promise to make the year anything but a profitable one for those who are now holders of this privilege from our county courts. One is the fact that by federal enactment the manufacture and sale of all intoxicating liquors must cease in the United States on and after the first of next July until such time as the American army is demobilized. The second is the fact that 40 states have already ratified the national prohibition amendment to the federal constitution, which will prohibit the manufacture, sale or importation of all intoxicating liquors within the United States.

Under these circumstances the liquor men in the county do not face a very bright year. They are required to pay the usual license fee, but this is not very large. Their licenses, granted, will be for only two months, May and June. At the same time they will not know what can open the doors of their business. The breweries face about the same situation. All of them at present are closed down, so far as brewing is concerned, and what beer they are selling is their stock on hand. Renewals of license, if granted, will be simply to dispose of stocks on hand. It is understood their position will be the same as that of the distillers last year.

There are 54 hotel keepers in Washington county who hold retail license, and it is not likely this number will be increased by the county courts, which meet on the first Monday of February. Every prospect points to a "bone dry" nation on and after the first day of July next, although it may be possible for the holders of license to again open the latter part of this year. That fact will depend on army conditions.

Memorial Notice.
The Veteran Guard will meet at 2 o'clock, p. m., Sunday, January 19, at the borough building, to take part in the memorial services in honor of the soldiers who have paid the supreme sacrifice for their country. Comrades will wear the G. A. R. badge. Every comrade is respectfully invited to join with us on this occasion, to make the service as impressive as its should be, not only for the men of the great war just ended, but for all those who gave up their lives that our country might live.

Jacob Wise, Commander.

THE EXISTING LEAGUE

The Outlook points out that "a league of nations exists at this moment and is sitting in conference at Versailles." This is a fact, and it is a fact that there has been so much talk of a league of nations that it is almost impossible to find a man who does not believe in it. While the Senate has been laboring with the question as to whether we should ratify it or not, it is a fact that a large number of our people have helped, it would have greatly simplified the matter—this statement of a self-evident fact.

When the peace treaty is finally in shape presumably it will be signed by Wilson, Lloyd-George, Clemenceau, Orlando and Hara, not as individuals but as official representatives of America, Great Britain, France, Italy and Japan. Such a signing by their representatives will necessarily involve a part on the part of the five nations concerned, and a pact is a league. Already named with this five-nation league are Belgium, Serbia, Rumania and all the nations that took part or declared themselves ready to take part in the war on the Central Powers. The chief questions to be answered therefore would seem to be merely whether the existing league is to be continued indefinitely, whether more nations are to be invited to join it, and whether its principal future business is to be the enforcement of peace.

Japan erred, according to a prominent Japanese in her estimate of the military strength of America. Germany made a similar and far more costly mistake.

The new and picturesque name given that celebrated "Golden Book" is "Who's Hun in America."

SPECIAL SUNDAY EVENING SERVICES

Rev. C. A. Keller, pastor of the First Presbyterian church, has announced a series of sermons and lectures which he proposes to deliver Sunday evenings during the balance of the winter, and which will extend into the early spring. The series will begin Sunday evening, January 19, when the illustrated lecture, "From Panama to Panama" will be given. The following Sunday the topic will be, "Should Smith go to Church?" The February topics are, Feb. 2, "The Holy Sabbath—It is possible today," Feb. 9, praise service led by the choir, Feb. 23, "The Church and the World."

For March the topics will be, on the 6th, "Should a Christian be a Secularist?" on the 13th, "How We got our Bible," on the 20th, "Are Modern Americans Heretics?" 23rd, Some lessons from a boat, a service for the 25th, 26th, illustrated lecture, "The Holy Sabbath—It is possible today," Feb. 23, "The Church and the World."

For April the topics will be on the 6th, "The Need of Men in the Church," discussion by laymen; on the 13th, "Over the Top for Jesus," a service for soldiers and sailors; on the 20th the Eastern message by the choir, and the concluding number will be an illustrated lecture on the 27th, "The Church and the World."

Rev. C. A. Keller anticipates that the series of lectures will be very interesting and will be attended by a large number of people.

1,500,000 MEN KILLED

France Has Lost Equal Number Wounded.

New York, — France in four years of conflict, to preserve her own liberty and that of the world according to Andre Tardie, French high commissioner to the United States, has lost 1,500,000 men killed and almost as many wounded. America owes France a debt of gratitude not only for the reported saving of thousands of lives in this country due to the discovery by French peasants of a perfect remedy for stomach and intestinal ailments, the ingredients of which are imported from France by Geo. H. Mayr, a leading Chicago Chemist who sells it in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments, including appendicitis. WHICH ROAD?

Which road? This is the question every country community is facing today. In our community there are only two kinds of people. And they travel on just two roads. There are "home town patriots" and the "Out of Town patrons." There is the "Trade at Home" road and the "mail order" road. Which does it mean? Which road are you taking? It should be easy to decide. Every time a mail order is placed, someone is boosting an outsider. Every time we take the mail route we are boycotting our home town. Which road? The only answer for us is the road to the right.
